QUAKE, GALE, TIDAL WAVE  
MR. BORAH IN REVERSE  
SHE SHOT THE WIFE  
GAS BOOTLEGGING

By Arthur Brisbane  
(Copyright 1930 By King Features  
Syndicate, Inc.)

ALREADY WEAKENED, partly  
demolished by terrible earthquake  
shocks, many houses, palaces and  
churches in Naples were leveled  
yesterday afternoon by a severe  
gale, adding to the terror and loss  
of life. Then came a tidal wave  
driven by the gale.

KING VICTOR EMMANUEL  
started for Naples as soon as the  
first earthquake news came. A dis-  
patch from Rome suggests that  
Pope Pius XI himself will make a  
tour of the stricken regions to re-  
assure the terrified inhabitants.

After repeated earthquake  
shocks, with Vesuvius blazing  
fiercely in the background,  
a hurricane sweeping the city,  
thousands injured, 2,000 dead,  
no wonder the people are fright-  
ened.

POLITICS in the fall will be  
mixed. Two years ago Senator  
Borah, his noble mane shaking, fire  
in each eye, was telling the west,  
"Elect Herbert Hoover and see  
what he will do for the farmer."

THIS FALL the west will see  
Senator Borah, not quite so fiery,  
telling the farmers that farm board  
relief for farmers, in the language  
of the day, is a "flop."

THE ADMINISTRATION and  
Mr. Legee, head of the farm board,  
have done their best. They bought  
69,000,000 bushels of the 1929 wheat  
crop "to stabilize prices."

If an individual did that it would  
be called "cornering."

When a man corners grain, he  
does it secretly. Uncle Sam did it  
openly.

Wicked board of trade men  
stopped gambling in wheat, began  
building grain elevators to provide  
space for wheat. They knew Uncle  
Sam would not see.

As a result of "farm relief," wheat  
has dropped to its lowest price in  
16 years.

Lady Owen, in Paris, rich,  
titled woman, fell in love with  
Dr. Gastaud. He, she says, re-  
sponsible until she lent him  
100,000 francs. Then he stop-  
ped reciprocating, went back to  
his wife and, only the vernac-  
ular describes it—gave Lady Ow-  
en "the air."

LADY OWEN, thereupon, shot  
the wife, Mme. Gastaud, three  
times, principally in the stomach.  
Smoking gold-tipped cigarettes rap-  
idly, Lady Owen expressed indig-  
nant surprise when the police re-  
fused to set her free. Who can read  
the heart of a woman?

Why shoot the poor wife instead  
of shooting the "air giver?"  
All through the ages women have  
protected men and blamed each  
other.

STANDARD OIL of California,  
of which K. R. Kingsbury is presi-  
dent, announces that it will make  
no more gasoline that it can  
actually sell, and what is more im-  
portant, that it will not sell any  
dealers that try to take away the  
business of their competitors by  
rate cutting.

The so-called "bootleg" dealers  
are outlawed by Standard Oil.  
If other companies follow the  
example it may help to stabilize  
the oil industry.

## Claudius Huston To Resign Republican Post

### LEADER TO QUIT AT MEETING OF PARTY ON AUG. 9

Simeon Fess Appears As  
Choice Of Committee  
For Chairmanship

### HOOVER APPROVES RETIREMENT ACTION

### Resignation Expected To End Controversy On Leadership Matter

(By The Associated Press)  
WASHINGTON, July 25.—The  
stormy service of Claudius Huston  
as chairman of the Republican na-  
tional committee is at an end.

Mr. Huston brought a sudden  
close to the controversy over his  
leadership late last night when he  
told President Hoover that he would  
call the executive committee of the  
national committee to meet on  
Aug. 7 and submit his resignation.  
The president approved.

Senator Fess of Ohio is the choice  
of the Republican high command  
to succeed Huston and his election  
by the executive committee which  
receives the Huston resignation next  
month is confidently predicted.

Robert Lucas of Kentucky, who  
became commissioner of internal  
revenue a few months ago, is slated  
to take over the active campaign  
work for the approaching congress-  
ional elections as executive assistant  
to Fess.

The new organization has the ap-  
proval of President Hoover and it  
is his intention that it should get  
to work early next month.

Huston's announcement of retire-  
ment came suddenly last night after  
a hectic round of conferences.  
Coming to the capital late in the  
evening, Huston went into confer-  
ence with James Francis Burke,  
counsel of the national committee.  
The White House visit was arranged  
immediately.

Burke made the following an-  
nouncement on behalf of Huston at  
the conclusion of the conference:

### Issues Announcement

"I have just had a satisfactory  
conference with the President and  
we are in entire accord on our pro-  
gram. The President has approved  
my decision to call a meeting of the  
executive committee of the national  
committee on August 7 at which  
time I intend to submit my resigna-  
tion as chairman of the Republican  
national committee."

The agitation against Huston be-  
came active shortly after he testi-  
fied to the senate lobby committee  
that he had collected funds for the  
Tennessee river improvement as-  
sociation for use in promoting  
muscle shoals legislation and had  
used these funds in his brokerage  
account before turning them over  
to the association, of which he was  
president.

## SALEM CHILDREN PARADE IN CITY

### Entourage Of Costumed Groups Marks First Day Of Chautauqua

With the cooperation of the po-  
lice department and city officials,  
traffic was cleared for the parade  
which opened the program of the  
Redpath chautauqua. Led by the  
Redpath of Foreign War's boys'  
band of 30 members, with Girl  
Souts and Boy Scouts participating  
in the parade, there followed a  
most interesting and colorful ar-  
ray of costumes.

Prizes were awarded as follows:  
Most beautiful costume, Dolly  
Carr, first, and Martha Layden,  
second; tackiest costume, Richard  
Beck, first and Dean Glass, second;  
best advertisement of chautauqua,  
Robert Shoe and Don Fred, first;  
Tom Thumb characters, first, Jean  
and Marjorie Layden, second; best  
character portrayal, Nanee Gibbs  
as Japanese, first, and Margaret  
Mounts and Margaret Williams as  
Dutch girls, second.

L. H. Colley, cashier of the First  
National bank, Dr. R. D. Linn, com-  
mander of Charles H. Carey post,  
American Legion, and Miss Doris  
Chandler, director of Memorial  
building women's activities, were  
judges.

## U. S. NAVY TO EQUIP ALL TYPES OF SHIPS WITH NEW AIRPLANES

### Crafts For Submarines To Be Experimented With In Naval Tests

(By The Associated Press)

WASHINGTON, July 25.—Naval  
limitation has led to experiments  
which eventually may mean at least  
one airplane will be carried by ev-  
ery ship in the battle line.

The navy now is undertaking, or  
planning tests to ascertain the  
feasibility of equipping submarines  
and destroyers with airplanes. All  
other types of ships of the line now  
carry their complements of planes.

An airplane to be folded and  
stowed away inside a submarine is  
under construction. This small, fast,  
scouting boat is to be experimented  
with as soon as it is completed. So  
far, a submarine has not been de-  
signed for the work, which would  
require the construction of a wat-  
ertight compartment with an open-  
ing large enough to let the folded  
plane to the surface of the water.

### Hope For Success

Similar tests several years ago  
were unsatisfactory, but it is hoped  
the new folding plane, replacing one  
that was dismantled and reassem-  
bled before flight, will prove more  
successful. A submarine, tacticians  
believe, could get very near an op-  
posing fleet in the night, launch its  
airplane and submerge to await the  
return of its scout. The plane, be-  
cause of the necessary limit to its  
size, would not be useful for other  
missions that scouting and obtain-

Assistant Secretary Ingalls, in  
charge of naval aeronautics also has  
promised to experiment with air-  
planes on destroyers. Heretofore,  
vessels of this type have been too  
small for satisfactory aerial work  
since they bob about in a swell or  
heavy sea and are not large enough  
to provide a lee in which the plane  
can land in rough water.

## LEETONIA MAN IN SALEM HOSPITAL

### Authorities Seek Cause Of Injuries; Conduct Investigation

Jerome Eagleton, 49, of 199 Main  
street, Leetonia, is in Salem City  
hospital, suffering from minor in-  
juries. Columbia county authori-  
ties today are conducting an in-  
vestigation to determine the man-  
ner in which he was hurt.

Eagleton was found lying in a  
semi-conscious condition near Stop  
55, Lisbon, at 6:30 a. m. this morn-  
ing by W. H. Nichols, 7610 South  
Essex avenue, Chicago. He was  
taken to Lisbon to the office of Dr.  
Seward Harris then brought to the  
hospital here.

Unable to talk, Eagleton told authori-  
ties on one occasion that he had  
been struck by an automobile which  
failed to stop. He declared that  
he was thrown out of a machine in  
which he was a passenger. He had  
a large sum of money with him, it  
is reported.

He was believed to have sustained  
serious back injuries and was taken  
to the hospital operating room im-  
mediately on his arrival there.

### New Road Grading Will Be Completed

LISBON, July 25.—Grading on the  
new Salineville-Wellsville road will  
be finished within the next three  
weeks, it has been announced by  
Contractor John Leech of Steubenville.  
Leech was county surveyor for  
Jefferson county for a number of  
years before entering the contract-  
ing business.

This new road at the north begins  
where the present concrete and nar-  
row brick roads join, and follows  
a line toward the southeast, tapping  
Wellsville at the north end of  
Eighteenth street. This road will not  
be given a concrete top this year,  
but will be one of the first contracts  
to be awarded for early spring, 1931.

## THOUSANDS PAY LAST TRIBUTE TO ANNOUNCER

### Seven Held By Police In Detroit Slaying; To Issue Warrant

DETROIT, July 25.—Twenty  
thousand persons waited silently in  
the last night and early today to  
pay tribute to the memory of Ger-  
ard E. (Jerry) Buckley, announcer  
for radio station WMBC, slain  
Wednesday by gangsters at the close  
of the successful campaign to re-  
call Mayor Charles Bowles.

Police sought to connect Buckley  
with racketeering and claimed to  
have an affidavit which states that  
he "extorted money from a confessed  
bootlegger."

The body of the slain political  
commentator lay in state in his  
residence on Pasadena avenue,  
while thousands passed to look  
upon the face of the man whose  
voice most of them had known.  
Floral offerings were banked about  
the casket and almost filled the  
room.

Seven men were in custody in  
connection with the slaying of  
Buckley.

Police said they expected to issue  
a warrant for one of them before  
the day was over.

The man whom police said they  
could connect with the killing is  
Jack Klein, movie operator, who  
was sitting with Buckley in the La-  
Salle hotel lobby when the rain of  
bullets began. Klein was not  
wounded. He was held for ques-  
tioning, then released. Later he  
was returned to custody and while  
held as a witness was formally ar-  
rested. The basis for the charge  
was not disclosed.

The other six were reputed  
gangsters.

### Boy Dies Trying To Save Pet Dog

MEXICO CITY, July 25.—The  
love of a boy for his dog cost the  
life of Bartolo Dodea Juarez, 13,  
here the other day. Bartolo play-  
fully threw his dog into a stream.  
When he saw that the dog was un-  
able to fight the current, he plunged  
into the water, though unable to  
swim, and drowned in a frantic ef-  
fort to save the dog.

### Federal Charges

TIFFIN, July 25.—Alex Kozell, 28,  
of Zanesville, will be removed to  
Toledo to face a federal charge of  
using the mails to defraud. War-

## PROGRAM FOR JURORS EVENT IS COMPLETED

### Band Concert, Ball Game Dancing Scheduled At Lisbon Saturday

### SALEM BOYS WILL PRESENT CONCERT

### 1,500 Expected To Meet At Picnic; Bettman Will Speak

LISBON, July 25.—At the first  
annual reunion of jurors who have  
served in common pleas, probate  
and municipal courts in Colum-  
bia county which will be held at  
the county fair grounds here Sat-  
urday afternoon, Attorney General  
Bettman will speak on the subject  
"Shall the jury be abolished?"

Brief address will also be made  
by Congressman B. Frank Murphy  
of the eighteenth Ohio district and  
State Senator Earl R. Lewis of St.  
Clairsville.

James G. Stevenson, assignment  
commissioner for common pleas  
court today announced that a re-  
ception would be held for jurists of  
all county and district courts and  
jurors between 12 o'clock noon  
and 2 p. m.

Immediately following there will  
be a concert by the Veterans of  
Foreign Wars boys band of Salem.  
There will also be round and square  
dancing between the hours of 1 and  
4 o'clock in the new dance pavilion  
at the fair grounds, with music by  
an orchestra from Minerva.

A baseball game is scheduled at 4  
o'clock between a Lisbon and Wells-  
ville team, following which there  
will be an old fashioned picnic. At  
7 o'clock there will be a group meet-  
ing of jurors.

As there have been 2,800 jurors  
drawn during the last few years,  
about 1,500 are expected to attend  
this reunion.

## CHAUTAUQUA IN OPENING EVENT

### H. J. Hinton In Charge Of Program; Comedy Slated Tonight

H. J. Hinton, superintendent of  
the Redpath chautauqua, arrived  
here today and was in charge of  
the opening session of the chautau-  
qua at the Columbia street tent  
this afternoon.

Miss Mildred Boesel gym director  
for the Juniata chautauqua, was  
here for the opening program.

The program this afternoon  
opened with music and drama, the  
entertainment being furnished by  
Mr. and Mrs. Glen Wells.

At 8 tonight the trans-Atlantic  
comedy, "The Big Pond" will be  
given.

This comedy of love and intrigue  
has proven to be one of the most  
popular New York hits. The pro-  
duction concerns an American fam-  
ily with a love story running  
through the plot.

The cast includes Mrs. Emily  
Billings, wife of Henry Billings, an  
American business man of the get-  
rich-quick type; Bonny Davis, a  
young American; Mrs. Jane Liver-  
more, of the Vernon Gazette; Bar-  
bara Billings, daughter of Billings;  
Pierre de Mirande, a French courier.

### Three Hanged For Machine Gun Death

KANSAS CITY, July 25.—Three

## THE GERMAN DICTATORSHIP

European dictatorships are not at  
all uncommon, but that in being in  
Germany at present is unlike the  
general run in that it is for a spec-  
ified period and is a constitutional  
dictatorship in that it exists as a  
result of a special provision in the  
German constitution.

Article 48, of the Weimar constitu-  
tion gives the president authority  
"whenever public security and order  
in the German nation is consider-  
ably disturbed or endangered, to  
take all necessary measures to re-  
establish such public security and  
order, and, if required, to intervene  
with the aid of armed power."

The cabinet desired authorization  
of \$125,000,000 new taxation for  
budget-balancing purposes. This  
program was bitterly contested by  
the Nationalists, the Communists  
and the Socialists, the largest  
element in the German legislative  
body taking no part in the con-  
trover.

The threat by President von  
Hindenburg to declare a dictator-  
ship under the constitution brought  
the counter-threat from the Social-  
Democrats that they would move to  
declare Article 48 inoperative, a  
course which would require a two-  
thirds majority of the members vot-  
ing who must also constitute a two-  
thirds majority of the reichstag. Ac-  
tion on this counter-threat, caused  
President von Hindenburg and the  
German cabinet to act as one, with  
the result that the reichstag was  
dissolved, the president's course in  
the matter of the dictatorship being  
construed as a matter vital to the  
national welfare and thus making  
Article 48 applicable to it. Thus the  
German government's new tax-  
ation measure became a law through  
the cooperation of the German  
president and the cabinet.

With so many parties represented  
in the reichstag, it was thought the  
part of wisdom to engraft Article  
48 into the constitution to prevent  
the blocking of orderly procedure by  
minorities. Over here in the United  
States we have had repeated illus-  
trations of how a mere handful of  
minority legislators can block legis-  
lation. This country is not, as yet,  
cured with the multiplicity of  
parties and blocks, which are handi-  
capped to the dispatching of govern-  
mental business, that exist in some  
European countries, Germany  
among them, but over here the  
country is beginning to resent the  
activities of blocks and factions and  
if their abuses continue there may  
be insistent demand that there be  
some means of curbing them, not  
necessarily through amendment of  
the constitution, but rather through  
the abolition of legislative rules  
which often enable the tail to wag  
the dog.

## KILLING THE GOOSE THAT—

American tourists to Europe, who  
have long been famous for their  
easy generosity and tractable ways  
while visiting in foreign lands, ap-  
pear on the verge of a rebellion this  
summer which may end many of the  
unjust price scales and much of the  
plain extortion that always have  
greeted American visitors abroad.

All foreign countries, and espe-  
cially France, frankly admit now that  
they are feeling the results of a  
marked decline in American tour-  
ist trade this summer and, for the  
most part, they just as frankly  
shoulder most of the blame for the  
conditions which brought the re-  
bellion about. Last year there was  
no sign of a feeling of weariness  
of the part of American visitors at  
the prices which met their gazes as  
they traveled from country to coun-  
try. It was a banner year for tour-  
ists and European tradesmen were  
quick to take advantage of their op-  
portunities for profit.

This year, however, bids fair to  
witness the death of the goose that

steamship companies, including the  
United States lines, our own govern-  
ment-fostered enterprise now  
operating fine passenger vessels on  
the Atlantic, have been forced to  
reduce their rates and offer new  
conveniences to their passengers.  
And in the face of these changes  
many vessels are sailing with their  
passenger lists unfilled.

Over in France, which country ap-  
pears as the chief offender in former  
discriminations, the government  
itself is taking an active hand in  
eliminating evil conditions. A con-  
siderable sum has been appropriated  
to carry on an intensive advertising  
and publicity campaign addressed to  
prospective tourists and a French  
Superior Council of Touring has  
been created to help in solving the  
problem of getting the tourists to  
return to France.

From the one extreme of charging  
excessive prices for all commodities  
of interest to tourists, France now  
seems intent on demonstrating just  
how thrifty that country may be  
toured. In an effort to appeal to  
people of moderate means a tour-  
ing slogan of "fifteen days in  
France for \$100" has been adopted.  
Other factors are being introduced  
by interested groups especially the  
restaurant and hotel owners, to at-  
tract once profitable trade which  
seems intent on extinction.

Most Americans will greet the re-  
bellion and its results with cheers.  
Most Americans, when they go  
abroad, expect a certain amount of  
imposition, but when it became al-  
most unbearable a sharp turn in  
the road was inevitable. A return to  
a more normal state will do much  
to enhance and stimulate travel  
abroad, which factor in itself is de-  
cidedly important and almost neces-  
sary today.

An impoverished peasant to whom  
the Mexican government awarded a  
parcel of land under its agrarian  
laws unearthed a pot of Spanish  
gold coins valued at \$50,000 the first  
day he started to plow his holding.  
If that doesn't start a plowing orgy  
down in Mexico, we'll miss our  
guess.

Helen Wills Moody insists that  
she be referred to, save on score  
cards, as Mrs. Frederick Moody.  
That will save her husband from  
being known as Mr. Helen Wills.

## What Others Say

## CONFIRMING PLUTO

English astronomers who were  
arguing a few weeks ago that the  
new planet discovered at the Flag-  
staff observatory and since named  
Pluto was no planet at all, but only  
a special kind of comet, have been  
proved wrong in their criticisms of  
the American work. Thanks to  
what might be called fossil por-  
traits of the planet, recorded on  
photographic plates taken as long  
as 11 years ago, but previously un-  
noticed, a nearly perfect orbit of  
the body has been computed. It  
proves undoubtedly to be a plan-  
etary member of the solar system,  
conforming in all essentials of its  
motion to the other planets pre-  
viously known.

The skies are photographed con-  
tinually by scores of observatories  
all over the earth and the photo-  
graphs are filed. To the eye of a  
layman these photographs look like  
nothing more profound than a lot  
of tiny specks of white ink spray-  
ed at random on a black glass  
plate. Even astronomers can not  
tell by looking at them whether one  
among these thousands of star  
portraits may correspond to some  
heavenly body hitherto unknown.  
All the stars visible to the human  
eye are listed, named and instan-  
taneously recognizable. That is by no  
means the case for the millions of  
fainter stars, forever invisible to  
human gaze, which telescopic pho-  
tographs disclose. So soon, how-  
ever, as the discovery of Pluto  
was announced, astronomers all  
over the world got out from their  
photographic libraries sky plates  
made in previous years of the re-  
gions of the sky in which rough  
computations of Pluto's orbit show-  
ed that it may have been. By com-  
parison with other star plates of  
years, each such plate was search-  
ed for a tiny dot that showed move-  
ment from year to year. Such a  
moving dot would be either a  
planet or a comet, computation of  
the motion usually being enough  
to show which.

This search was successful. Four  
such portraits of the planet were  
found at Mount Wilson observatory  
on plates made in 1919, showing the  
planet's position at that time. An-  
other on a plate made in 1927, was  
found in the Uccle observatory in  
Belgium. Two more, dated in 1921  
and 1927, were found on plates  
Yerkes observatory plates. Using  
the Mount Wilson positions, astron-  
omers at that observatory have  
calculated Pluto's time of revo-  
lution around the sun as 292  
years. Prof. Leuschner, of Berke-  
ley from the same data, but by  
independent calculations, obtained  
249 years. Dr. Crommelin, at the  
Royal observatory in England, using  
the Belgian plate of 1927, computed  
the orbital revolution as 266 years.  
The agreement is as good as could  
be expected for an object so far  
away.

On Feb. 27, 1930, the Mount Wil-  
son astronomers compute Pluto  
will make its closest approach to  
the earth for the next three cen-  
turies. Between now and then it  
will be growing brighter, never  
bright enough, it is expected, to  
be visible to unaided eyes, but cer-  
tainly bright enough to be followed  
continuously in telescopes and  
probably to yield many of its se-  
crets of size and character to the  
astronomer's gaze.—New York Her-

## HEALTH

By Dr. Royal S. Copeland

## HOT WEATHER COLDS

"Taking cold" in hot summer  
weather is disgusting to us and to  
our friends. It seems an evidence  
of weakness, and it is really an in-  
dication of the system is out of gear.

When you lose sleep, eat  
meals at all hours, spend  
hours and hours at hard work in  
dusty, smoke-  
laden rooms, you are sure to  
get an uncon-

able reaction. The first thing you  
know you are sneezing and cough-  
ing, and maybe you have started  
the most obstinate kind of a cold.

You are liable to colds if you  
neglect to bathe regularly. In the  
hot weather, when the body wastes  
are thrown off by the skin in the  
perspiration, daily bathing is im-  
perative if the skin is to be kept  
in good condition.

Cleanliness of the mouth and  
throat is essential. The germs of colds,  
influenza and tuberculosis are ever  
present to make inroads in the  
body by way of the nose and  
mouth. The nostrils and mouth  
should be kept clean because they  
are the hiding places of many  
kinds of germs.

With a reasonable care of our  
bodies we do not need to fear these  
germs. But when we are tired out  
or run down from bad habits of  
living and eating then it is that the  
resistance of disease is low and we  
are easy prey for the germs.

As a matter of fact, we are ter-  
ribly careless of these bodies of  
ours. Haven't you seen boys and  
girls throw themselves, overboard,  
on the grass after a strenuous  
game of tennis, or even go in batht-  
ing when they are overheated?  
Then comes a chill, and they may  
be made ill by the quick chilling of  
the body.

The condition called a "cold" is  
almost always accompanied by con-  
stipation. One of the causes of  
constipation is eating too rapidly.  
Eat slowly. Don't bolt your food.  
Chew it thoroughly. Do this be-  
cause the processes of digestion be-  
gin in the mouth.

The time to deal with a cold is in  
its first stages. When you have  
sneeziness, chilliness, running of  
the nose, a smarting or burning of  
the throat you may know trouble is  
on the way.

The best thing to do is to get  
into a tub of water hot as you can  
bear it. Add hot water as it cools.  
Keep this up for some time. Then  
go to bed between blankets and  
drink a lot of hot water or hot  
lemonade after you get into bed.  
This will bring on a perspiration,  
and in this way the poisons are  
more quickly thrown off from the  
body. After the sweating is over  
sponge off with cool water and get  
into dry bed for a good sleep. You  
probably will feel much better in  
the morning on waking.

Every moment that can be spent  
out of doors in the summer time is  
a distinct asset for the coming  
winter months indoors. Without  
plenty of sunshine and fresh air,  
at least moderate exercise every day  
and a proper amount of rest and  
sleep, and well-balanced and regu-  
lar meals good health cannot be  
maintained. Live rightly and the  
summer cold will be a thing of the  
past.

Those whose birthday it is may  
be prepared for a year of surpris-  
ing and far-reaching changes  
which may have important bearing  
on the life and environment. New  
propositions and associations may  
bring them into popular renown  
and be attended by much personal  
gratification. Writings and docu-  
ments are prominent.

A child born on this day should  
be brilliant, original and ingenious,  
and should reach a high place in  
public popularity by its own tal-  
ents, as well as personal popularity.

The measure of a man's ego is  
the distance his face falls when he  
sees the proofs of his new photo-  
graphs.

Highlights Of  
Ohio History

By J. H. GALBRAITH

(By J. H. Galbraith)

A letter several years ago to the  
editor of the Providence, R. I. Jour-  
nal, printed in the columns of that  
newspaper, foreshadowed a new and  
probably more intimate story of the  
lives of Salmon P. Chase and his  
noted daughter, Mrs. Kate Chase  
Sprague.

The letter, signed "Mary Phelps",  
presumably came from a literary  
studio somewhere on Manhattan.  
She said in the letter that in writ-  
ing of the life of Kate Chase  
Sprague and her father, she drew  
from various sources for material,  
from many individuals who were  
connected with their lives, either  
directly or indirectly. She said she  
had visited Philadelphia and  
gleaned a wealth of material, but  
the Providence chapters were yet  
to be filled in.

Mr. Chase was thrice married and  
in each case he became a widower  
within a few years after the mar-  
riage, and he was a widower  
through nearly all the period in  
which he was in high public service.  
Six children were born to him, but  
only two daughters lived to matur-  
ity.

When Mr. Chase was governor of  
Ohio, he occupied the old Hayden  
residence, built by Dr. Francis

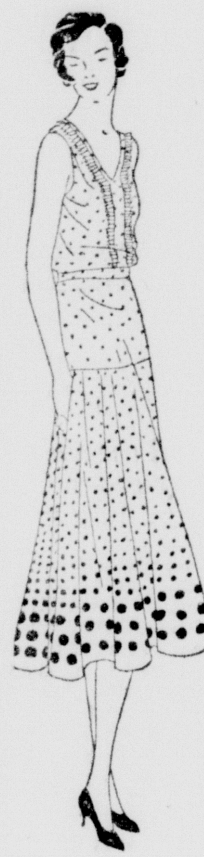

Carter and which was razed only  
recently to make room for the fine  
home of the Knights of Columbus.  
Miss Kate Chase, afterward the wife  
of Governor Sprague of Rhode Is-  
land, was then in the bloom of  
youth and was graceful and splen-  
did as first lady of Ohio.

There must be a number of old

residents of Columbus whose mem-  
ories go back to that date—1850  
1860, and retain impressions of the  
charming young woman, whose  
beauty was later widely known.

## MERGER PROXIES SALE EXPLAINED

1,400 Shares Delivered In Favor Of Consolidation Through Transaction

YOUNGSTOWN, July 25.—For consideration received E. A. Kaercher of Youngstown delivered his proxy for 1,400 shares of stock voted to ratify merger of the Youngstown Sheet and Tube company with Bethlehem Steel corporation, he testified today in common pleas court where the merger is being contested by the Cyrus S. Eaton interests.

The consideration, Kaercher testified, was received through the sale of 1,000 other shares at \$152.50 a share. He said W. J. Morris, vice president of Sheet and Tube, bought the stock.

The Eaton attorneys yesterday completed their attack on 128,000 shares of stock voted for the merger by proxies from fiduciaries, and today concentrated their challenges on proxies given by corporations. They are attempting to show that the merger was illegally ratified in addition to their charge that vital facts about the two steel companies were fraudulently concealed from the Youngstown company stockholders prior to the ratification.

## Craig To Head 8th Corps Army Area

DENVER, July 25.—Major Gen. Main Craig, veteran United States army officer and assistant chief of staff, has been named commander of the eighth corps area, with headquarters at Fort Sam Houston, Texas. The eighth corps area comprises Colorado, Texas, Oklahoma, Wyoming, New Mexico and Arizona.

Gen. Craig succeeds Maj. Gen. William Lassiter, who recently was ordered transferred to the Hawaiian department.

Gen. Craig has seen active service in the Philippines, China, France and on the line. He was born in St. Joseph, Mo., in August 1875. He was graduated from West Point with honors in the infantry and cavalry school in 1904.

During the World war he served in the Argonne, Meuse, St. Mihiel and other offensives.

## Corn Borer Shuts Off Large Market

GLASTONBURY, Conn., July 25.—People of this ancient rural community struggled when they were told they could not ship corn into Hartford, their chief market, because towns on three sides of Glastonbury were infested with European corn borer.

They appealed directly to the federal department of agriculture for relief certain that their fields were clean, but agents sent in for the occasion found eight of the principal corn areas over-run and now Glastonbury must keep its own corn.

## Dry Law Charges

COLUMBUS, July 25.—Harry Fisher, Cleveland, was awaiting action of the federal grand jury on a charge of violating the prohibition law. He was bound over to the jury yesterday by U. S. Commissioner Joseph W. Horner.

## Police Find Body

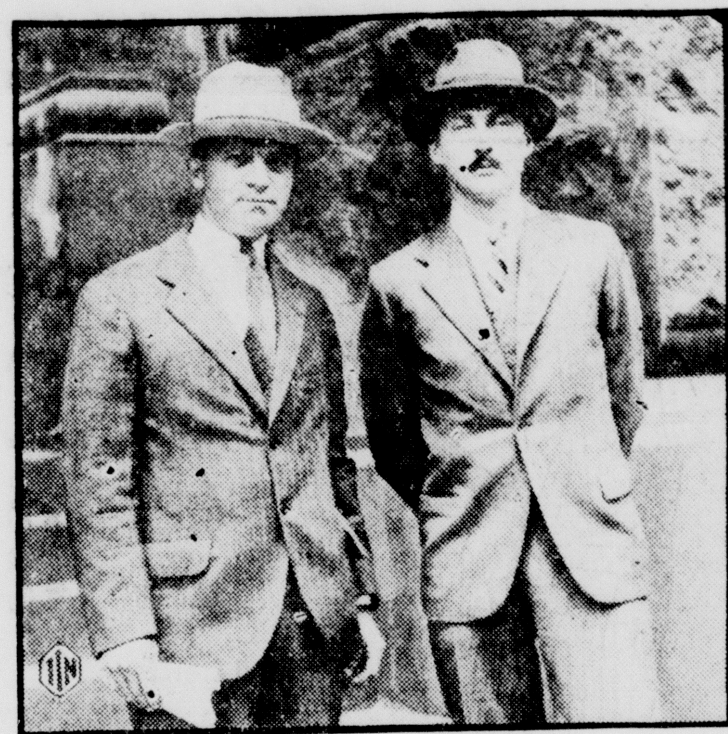

COLUMBUS, July 25.—Police today were investigating the death of an unidentified man whose body was found in a ditch on a little traveled road near here last night. They expressed the belief he had been taken for a ride.

## Doctor To Study Injury To Worker

NEW HAVEN, CONN., July 25.—A new court ruling was established here when Vito Peragolise, a laborer, asked \$25.00 damages for injuries received on a structural iron job.

Going blind from an injury to his Counsel contended Peragolise was optic nerve, beside being crippled. Judge E. M. Dwyer, of superior court, who heard the case, decided in favor of the laborer but would not name a compensatory sum of money.

Instead, he ordered physicians to study the case until late in the fall and then report to him. On that report is to depend the amount of the award.

## Cab Driver Found With Fatal Wounds

COLUMBUS, July 25.—Homer Griffith, 27, driver for an independent taxicab company, was shot to death early last night by robbers who then escaped in his automobile, police said today in reconstructing the crime.

Griffith's body was found early last night in Smoky road, a deserted lane two miles south of the city. Two bullets had pierced his back and the back of his head. Police said he had been fired upon from behind.

But how strange that Bill Thompson's Chicago adopted the English custom of having the game driven to the hunter.

## One Man Rules Departments In Indiana Town; Has Busy Time

SCHERERVILLE, IND., July 25.—This town's got a police chief, motorcycle officer, fire department chief, fire department truck chauffeur and a president of the board of safety—and Peter Reader is all of them.

Yesterday he was pretty busy. Some one called and Reader answered the phone.

"I want the chief of police," said the voice.

"You've got him," said Reader. "Please send a motorcycle officer after a hit-and-run driver," continued the voice, excitedly, give details. "And I also want the fire department to come and save my automobile. It's burning up. And while I'm talking I want to complain about the village streets. They're full of holes and it's a wonder someone doesn't get hurt."

"The fire appears to be the most pressing matter," said Chief Reader and in a minute he was seated at the fire truck wheel and in no time at all had put out the fire with chemicals.

He returned to the city hall, put the truck away and mounted his motorcycle. After a 15-mile chase he captured the hit and run driver and arrested him. Then he went forth and as street commissioner repaired the holes in the highways.

Last night he made a report on the work to the town board, in his capacity of president of the board of safety.

## Hailstones Cause Heavy Damage

MOUNDSVILLE, W. VA., July 25.—Hailstones that did a million dollars' damage a year ago last March are still in existence. A dozen of them may be seen today in the ice-cream cooler of a Moundsville store. Placed there after the storm they have been kept as large and firm as when they fell.

## Seek Fire Cause

AKRON, July 25.—Belief of officials that the fire at the "hog trough" roadhouse early yesterday was of incendiary origin was strengthened when it was reported last night that a number of nearly empty gasoline cans had been found near the place.

### CATHOLIC DAUGHTERS

Mrs. John Gonda, a recent bride, was presented a gift at a meeting of Salem court, Catholic Daughters of America, Thursday evening at the hall, South Broadway.

Five hundred and eighty were favorite pastimes. In the five hundred games the prizes went to Mrs. Gertrude Yeager and Mrs. Arthur Haessly, while euclyre prizes were won by Mrs. Margaret Englert and Mrs. Frank Pink. Miss Catherine Morningstar received the guest prize.

Lunch was served by the associate hostesses, Mrs. Edward Deagan, Mrs. Hirtz, Misses Gertrude Hirtz and Gussie Gabler.

The court will hold a picnic supper at Centennial park, Aug. 31, for the members and their families.

### GIRLS CLUBS

Mahoning county Four-H girls club enjoyed an outing Thursday at Geneva-on-the-lake.

The trip was made in four school busses and thirteen automobiles. There were more than 200 in the tour, including club leaders and some of the mothers of the girls. The busses were decorated in green and white, the club colors. A picnic dinner was a feature and a jolly time occupied the day, the girls being interested in water sports.

J. C. Hedge, Mahoning county agent, and Miss L. Florence Booth, home demonstrator, of Canfield, were in the company.

### CHEERFUL CLUB

Mrs. James Boales, Cleveland avenue, celebrated her birthday anniversary Thursday afternoon by entertaining associates of the cheerful club. A linen shower for the hostess was a feature. Lunch was served by Mrs. Boales. In two weeks the members will meet with Mrs. Thomas Krepps, South Ellsworth ave.

### TRUE BLUE CLASS

Mrs. Oliver P. Ashend entertained the girls of the True Blue class of the Presbyterian church Thursday evening at her home, North Ellsworth avenue. A series of games helped make the evening enjoyable. Refreshments were served. On Aug. 29, the members will meet again.

### DUN EDEN EVENTS

Odd Fellows of Canfield and their families will hold a picnic Saturday at Dun Eden, Ellsworth road. On Sunday the Ewing family and the Houta family will hold their reunions at this resort.

Mr. and Mrs. Oliver McCully, of Geauga county, moved Thursday to a farm near Greenford. Mr. McCully is a former superintendent of the centralized school at Welshfield.

### Today's Pattern

This charming model has unusual square details of neck and skirt flare that make it delightfully individual. And, too, it is very simple to cut and put together. The soft cape collar removes the necessity for sleeves, although there are sleeves with the pattern if you care to use them.

Pattern 1987 is cool and summery fashioned of voile, georgette, chiffon, lawn, batiste or silk crepe. Small geometric designs such as dots, coins and rings vie with flowers for popularity among the warm weather prints. Pastel grounds printed in vivid colors are smart just now.

May be obtained only in sizes 14, 16, 18, 20, 22, 24, 26, 28 and 30. Size 14 requires 3 1/2 yards of 39 inch material.

**COUPON**

### CIRCLE FIVE

Circle five of the Methodist church met Wednesday afternoon at the home of Mrs. Herbert Lora on the Benton road. The afternoon was given over to a short program in which Mrs. J. L. Cuppled devotionals, Helen and Virginia Lora presented piano solos, a reading by Mrs. Nora McNamara. A short business meeting was also held.

Following the program, refreshments were served by Mrs. Lora and Mrs. Ezra Kelly, associate hostess. The next meeting will be a picnic at the home of Mrs. Zenia Whitaker, near Kensington, the fourth Wednesday in August.

### COLUMBINE COURT

Mrs. Myrtle Miller, of Alliance, district junior supervisor, attended a meeting of Columbine court, Junior order The Rose, Women's Benefit association, held Thursday afternoon at Centennial park. A picnic lunch added pleasure.

On Thursday, July 31, a picnic for junior orders in this section will be held at Idora park, Youngstown. Some members of the Salem court plan to attend.

### NEEDLECRAFT CLUB

Members of the Needlecraft club gathered Thursday afternoon at the home of Mrs. R. P. Hannay, Ohio avenue. The afternoon was spent in five hundred and first prize was awarded to Mrs. David Feltz. Mrs. Howard Scherville was a guest. The next meeting of the club will be in two weeks at the home of Mrs. J. M. Hutchinson, East Third street.

### MARRIAGE LICENSE

A marriage license has been issued to Charles J. Shipley of Struthers, O., a bridge worker, and Miss Mary C. Nesbitt of Columbiana, a nurse, and daughter of Mr. and Mrs. Jessie Nesbitt. They were married at the parsonage of the Lisbon U. P. church by the Rev. J. M. Cameron.

### DINNER-THREAT

Fred Kopp, Mrs. Sada Provins and daughter, Ruth, and Vivian Kopp, were guests at a dinner Thursday evening at the home of Mrs. Josephine Fisher, at Alliance.

The dinner was in honor of Mr. Kopp's birthday. After the meal the guests went to the theater.

### COY REUNION

The annual reunion of the Coy family will be held Sunday at Centennial park.

Mr. and Mrs. John Huber, Woodland avenue, left Thursday afternoon for Cleveland where they were called by the illness of their daughter, Helen, who is visiting in that city. She is threatened with appendicitis and was taken to a hospital.

Rev. and Mrs. C. F. Bailey, Mrs. J. D. Paxson and Mrs. J. W. Whitford went to Cleveland Friday morning. Mrs. Paxson, who has been in ill health for some months, is going to the Cleveland Clinic for consultation.

Mr. and Mrs. Ralph Crawford, Salem, R. D. returned Thursday night from Lorain, where they attended the state convention of rural mail carriers. Mr. Crawford was one of the delegates from the county association.

Albert Evans and sister, Miss Theresa Evans, Chicago, are spending the summer with their grandparents, Mr. and Mrs. Arthur Short, Arch street.

Mr. and Mrs. Harry Lewis and children of Detroit, who have been visiting relatives here, left Thursday for their home.

Alroy Bloomberg, son of Mr. and Mrs. Joseph Bloomberg, East State street, is visiting in Cleveland with his grandmother, Mrs. Harry Goldsmith.

Mrs. Marie Peck, of Youngstown, who has just returned from Birmingham, Ala., is visiting relatives here.

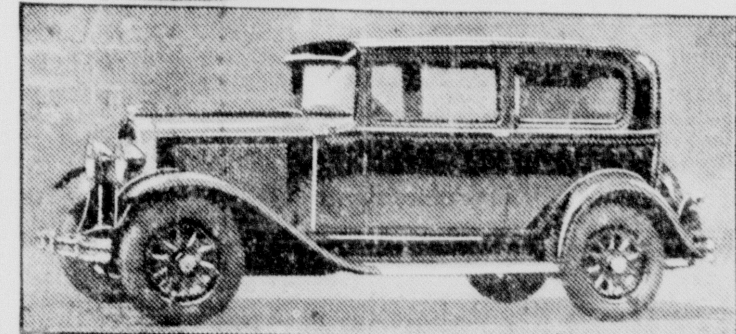

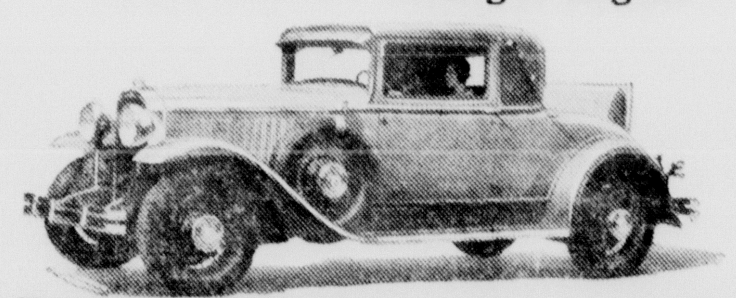

Mrs. Lloyd Gibbons and little daughter Betty Jean, of Woodland ave., spent Friday at Brady's lake.

Miss Elizabeth Gibbons, Toronto, Can., is a guest of Mr. and Mrs. Arthur Short, West Eighth street.

Mrs. D. A. Wilhelm, East Third street, has gone to Eagle's Mere, Pa., to spend a few weeks.

Miss Mary Louise Astry, East Fourth street, spent Thursday in Youngstown.

### CIRCLE 4 MEETS

Fourteen members of Circle 4 of the Methodist church attended a meeting Thursday afternoon at the home of Mrs. James Goodwin, East Pershing street. Mrs. Edwin Smith was associate hostess.

A program entertained and lunch was served. On Aug. 27 the circle will have a picnic dinner at Centennial park for the members and their families.

Mrs. Anna Stacy, of Freedom, Pa., was a guest.

### MRS. ZIMMERMAN HOSTESS

Mrs. Michael Schuller won first prize in the bridge games when Mrs. Ralph Zimmerman was hostess to club associates Thursday afternoon at her home, East Fourth st. Mrs. Zimmerman won the second prize. Miss Sara Mae Zimmerman was a guest.

The hostess served a two-course lunch as a concluding pleasure. Mrs. Lester Berger, of South Union street, has invited the members to meet with her in two weeks.

### RUTH CIRCLE

Mr. and Mrs. Arthur Gamble, of Winona, who were engaged in reconstruction work in Poland, gave a most interesting account of their work at a meeting of the Ruth circle of the First Friends church Thursday evening at the home of Miss Bessie Park, East Third street. They exhibited curios brought from that country.

At the social period the hostess served a lunch.

### THURSDAY NIGHT CLUB

Associates of the Thursday Night club went to Columbiana last evening and were guests of Mr. and Mrs. Roy Guy.

Three tables of five hundred entertained. Honors in the games were shared by Mrs. Ralph Stoffer and Earl Hutcheson. Mr. and Mrs. John Webber, of Salem, received the guest prize. The club will discontinue its meetings until September.

## FAIR HARVARD'S HALLS INVADDED BY 1,000 WOMEN

CAMBRIDGE, MASS., July 25.—Fair Harvard's halls soon will again ring with the voices of feminine students. For six weeks every year, the historic university is transformed into a co-educational institution, where young men and women from all parts of the country come to study, some for academic credit, some for education and some for pleasure and "atmosphere."

This year, the summer school attendance totals more than 2,000, equally divided between men and women. The teaching staff of the summer college is comprised mainly of teachers from the faculty of many western and Pacific coast universities, although many of the Harvard faculty remain to lecture. Professor J. Ralston Hayden, of University of Michigan, will give two courses on Current Government, and Professor Lawrence M. Parsons of University of Illinois, will give a lecture course in history.

The students will be quartered in the Harvard freshman dormitories.

## BROTHERS MEET AFTER 30 YEARS

ROCHESTER, N. Y., July 25.—Tales of their childhood, as well as those of intervening years are being exchanged by William and Harry Welch, at the first reunion in thirty years at the home of their sister, Miss Catherine Welch, in Fairport.

In 1900, William Welch, now of Minneapolis, left his home in Fairport to seek his fortune. For a time, the family followed his wanderings, and then he dropped entirely out of sight. Harry Welch lives in New York and came on for the celebration.

## Assistant Named

COLUMBUS, July 25.—Welfare Director Hal H. Griswold has named Dr. Richard S. Moynan, Columbus, to be assistant to Dr. C. H. Creed, chief of the new state bureau of classification and examination. Dr. Moynan is assistant physician at the Columbus hospital.

A typical American is one who thinks there are only seventeen other amendments.

# MARKETS

**STOCKS OPEN FIRM**  
NEW YORK, July 25.—Stocks were generally firm in early trading in the early hours of today's market. Bull forces provided some support for leading shares, but on the whole were content to rest upon their laurels for the time being. Radio rose more than a point in fairly active trading, and U. S. Steel, American Telephone, Consolidated Gas, National Power and Light and National Biscuit gained a point or so.  
Autostop and Eastman Kodak were isolated buoyant features, both rising about 5 points, the former recording a new high, reflecting merger rumors. Westinghouse fell 2 points, then rallied. Soft spots included National Distillers, off more than 3, and Cuker-Hamner and Western Union, down about 2.  
Call money, renewed unchanged at 2 per cent.

## WALL ST. BRIEFS

NEW YORK, July 25.—New construction of all classes, except highways, proposed throughout the country during the past week aggregated \$43,895,000 compared with \$45,042,000 in the preceding week and \$55,400,000 in the corresponding week last year. School buildings plans, totaling \$7,547,000, was well ahead of the previous week and last year.  
Canadian Hydro-Electric Corp., controlled by International Hydro-Electric system, a division of International Paper & Power Co., produced 205,803,000 kilowatt hours of electrical energy in June, a new high record for that month. The figure was 34 per cent greater than June last year and more than double that of June 1928.

## Death Numbers In Quake Area Continue To Increase

(Continued From Page 1.)

and death throughout northern Italy today added to an already tremendous relief problem in this stricken country.  
**Hospital Filled**  
Touched to the heart by the realization of innumerable numbers of homeless, ever-growing death lists and hospitals, filled with injured, the Italian people today discredited the edict of Premier Mussolini against public and private subscriptions for the victims and united in spontaneous offerings which steadily flowed into the premier's office.  
Italy's relief subscriptions at noon had amounted to a total of a million lire. Banks and other institutions and private individuals continued to place funds at the government's disposal, particularly in the aid of the hundreds of orphaned children in the southern earthquake zone.  
Rescuers by thousands in the earthquake area today continued their task of taking the dead from the ruins and seeking out the thousands of missing who, crazed with fear and grief, have left their home neighborhoods and wandered away.

**King Will Come**  
Preparations were being made all at Naples and the inland country for the reception of King Victor Emmanuel and his staff who were to arrive this afternoon. The ruler was expected to be in the center of the devastated countryside before night and to spend tonight among the saddened populace.  
There were indications, too, that more victims would be found in the wake of the Treviso storm. Twenty-two were reported killed. Heavy damage was wrought over 2 miles with many buildings wrecked at Borgo De Sesezana, Nervesa, Siva and Volpago. Officials have organized relief measures similar to those untangling the confusion in the devastated southland.  
Nor was the Treviso hurricane the only other outburst of nature to test the nerves of a dazed kingdom.  
A violent windstorm yesterday visited Naples, damaged by the earth shocks, and terrorized the uneasy inhabitants. Great waves bounded over the sea wall and flimsy buildings were torn down. Neapolitans were worried, in addition, by their proximity to Mt. Vesuvius, fearing the earth shocks might lead to eruptions.

**Heat Wave Intense**  
Over most of the stricken regions an intense heat wave added to the discomfort, but in the far north another vagary of weather was noted. Unseasonable snow fell on the peak of the Dolomite mountains in the Alpine region, while a severe storm swept the vicinity of Trento. The Adige river went out of its banks and other streams were swollen.  
Every facility has turned to aiding the earthquake sufferers and extracting the bodies of those who perished. From Naples, Avellino and other large centers motor trucks sped all day and all night carrying medical supplies, food, clothing and workmen with tools to clear away debris. Trains from the north steamed continuously over undamaged lines bearing relief supplies. These in turn were taken by truck to the affected areas.  
Soldiers led the relief work while photographers' airplanes swooped overhead, troops and fascist militiamen fed the hungry, and directed the removing of crushed bodies from piles of stone and wood which once had been homes.

**Town Is Destroyed**  
The province hit hardest was Avellino while the little town of Villanova was probably the hardest hit. Nearly every house was demolished, including the palace of the Marquis of Villanova and the church.  
Survivors last night were marshaled into rations lines and then

taken into open ground to spend the nights in tents. No one was permitted to reenter the town. Similar steps were taken in other devastated villages.  
Avellino's second day following the quake began with additional burials in scattered sections of the countryside. Little groups following silently and sadly the bodies of those who were taken from them by an outburst of nature.

**Prisoners Hanged Self**  
LANCASTER, July 25.—When officers from Mansfield reformatory went to a cell in city jail here to get Early McLaughlin, 23, a parole violator from the institution, they found him dead. He had hanged himself.

**CARD OF THANKS**  
We desire in this manner to express our sincere thanks and appreciation to Rev. C. F. Evans for his consoling words, and to our friends and neighbors who sent floral offerings and all those who furnished machines, or offered kindness in any way in the great loss of our dear husband, father and brother.

### COURT NEWS

#### Suspended Sentence Imposed By Judge

LISBON, July 25—After George Mossey went before Judge W. F. Lones in common pleas court and admitted the accusations made against him by Margaret Queen to be true, the court ordered Mossey to pay the relator \$300 and the costs of the case. A bond of \$250 was demanded by the court.

Mossey was then taken before Probate Judge Lodge Riddle on a charge of non support, and that court sentenced him to six months in the Canton workhouse.

This sentence was suspended, however, on condition that Mossey pay \$22 monthly for the support of his child and give a bond of \$300 that he would make such payment. The bond was filed with the court.

#### Proceedings Order Entered

An order in proceedings in aid of execution has been entered by Judge W. F. Lones in the divorce and alimony action entered December last year by George Little against John G. Little.

This case went to trial last month before Judge J. D. Farnes of Sidney, O., and alimony order was entered. This provided that Little pay his wife \$20 weekly for a period of two years, and thereafter \$10 weekly until further order of court.

The court stipulated, however, that the payment could be made monthly, but on a basis of the weekly allowance. It was also ordered by the court at the time the entry was made that the defendant pay the costs, including attorney fees for the plaintiff.

#### May File Brief

After testimony was closed in the divorce action filed by John U. Birch, aged 67, of East Palestine, R. F. D. No. 2 against his wife Amanda Ullrich, aged 47, of Beaver Falls, Pa., Judge W. F. Lones reserved decision, and counsel was given leave to file briefs.

#### Husband Asks Divorce

In the divorce petition filed by Leslie Metts infidelity was charged. Mrs. Metts is also charged with gross neglect of duty.

The couple were married Oct. 28, 1919 and have four children. Metts asks for a decree and also the custody of his four children.

### Run Down, Nervous Condition Responds To Owa-Ton-Na

Sluggish Liver, Kidneys and Stomach Kept My Nerves on Edge

"I gladly tell you that your remedy, Owa-Ton-Na, has done me more good than anything I have ever taken for this obstinate trouble," says Mrs. Darleen Jerow. "I was getting so bad that it seemed no matter what I ate, it caused suffering. I was gradually losing strength and my nerves got in terrible condition. When I heard about Owa-Ton-Na and the good it had been doing for so many sufferers, I decided that probably it would help my condition and it did not disappoint me."

"Soon after I started to take this fine old Indian remedy, I could tell that it was doing me some good. Gradually my indigestion disappeared, my bowels became regular and now they function regularly every day. Headaches and dizzy spells are gone. When meal time comes now, I am ready to eat and what a relief it is to be able to sit down and eat a good meal without fear of serious consequences afterwards. My nerves have quieted down and I can go to bed and get a good night's sleep."

MRS. DARLEEN JEROW

Backaches and kidneys with which I suffered so frequently are a thing of the past. I gladly recommend Owa-Ton-Na to other sufferers and feel that if they give it a good fair trial they too will get wonderful results."

If Owa-Ton-Na can help Mrs. Jerow and thousands of others to get better, isn't it likely that it will help you, too? At least try it. It is bound to do you a world of good. Owa-Ton-Na is sold in Salem at J. H. Lense Co. three stores—Adv.

# PARIS VIEWS WORK OF MANY U. S. ARTISTS

PARIS, July 25.—Early summer exhibits at the Parisian art galleries show that American artists have been working hard during the past winter.

John Wentworth Russell, an American who spends a large share of his time on this side, has an important and brilliant exposition of his recent works at the Galerie Georges Petit. They are largely interior scenes of familiar objects on the table under the lamplight, and showing a sure sense of color harmony and search for elegant forms. Russell is a true artist who is well-liked in Paris circles. He also paints on rare fabrics such as embroidered Chinese stuffs and fine silks.

At the Galerie Barreiro, G. A. Mostyn, another American, is exhibiting works which are fresh and well-composed. His landscapes are done with broad touches and show fine lights and his firmly-drawn nudes are pleasant to look at.

Adrien Voisin, a young American sculptor, is showing what he has been doing lately at the Galerie Bernheim Jeune, including a series of remarkable busts of Indians of the Blackfoot tribe of Montana. These are portraits of actual individuals. Voisin lived for a long time among these Indians and got to know them thoroughly before making the busts.

C. H. Hillmanns has just returned from a long sojourn in the East and has brought with him a number of brilliant studies which he is exhibiting at the Galerie des Quatre Chemins.

over the world, much greater in extent and power than Standard Oil, or any other, is an active man. For his amusement, he jumps horses over fences.

ALSO for his amusement, he has made some American oil men jump many hurdles. Our laws forbid an American company to do this and do that. You mustn't be too big. You must not, if you are American, organize a nationwide distributing organization. But Deterding and his "Shell" company can do anything.

At present Sir Henri, real genius of industry, has turned to extracting fertilizer for farmers, from gas that goes to waste from oil wells.

It would be amusing if he gave American farmers cheaper fertilizers than they can get from their own fertilizer trust.

DETERDING is the man who this year supplies the entire Japanese navy with oil. He gets the oil from American wells and sells to Japan at a price lower than the United States navy ever pays for the same oil.

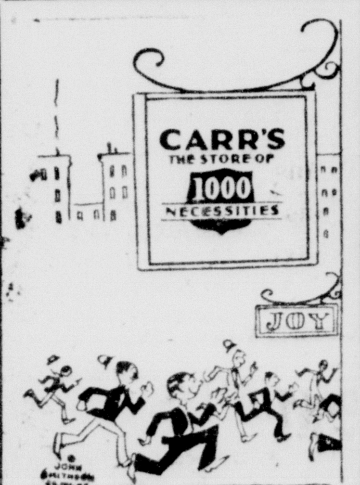

EVERY morning, on coldest winter days, Deterding takes a cold bath out of doors. If the water is frozen, his "man" chops away the ice, and Deterding jumps into his pool, running around the edge of it afterward in his wet bathing suit, until he feels warmer.

He has made some American oil men know how that cold plunge feels.

DR. JAMES EADS, HOW, lifelong friend of poor men, is dead of starvation, leaving perhaps \$1,000-000. He believed that abstention from food could cure anything. His theory cost him his life.

# Spanish Heir's Health Restored, Able to Be King

Paris Visit Shows Improvement in Prince of the Asturias and Checks Enmity to Throne.

PRINCE OF THE ASTURIAS - QUEEN VICTORIA

PARIS, the cynical political capital of the world has just placed its stamp of approval on the young Prince of Asturias, heir to the throne of Spain.

When it was announced that the Crown Prince Alfonso, now 23, would visit the gay French metropolis, Paris pricked up her ears. For years stories were told along the boulevards and in newspapers that King Alfonso's eldest son was incapacitated by ill health and would never claim the Spanish crown.

Hemophilia—that dreaded and mysterious disease which causes excessive bleeding at the slightest scratch—was reported to be the stumbling block to the youthful Alfonso's ever taking up the arduous duties of State.

The best physicians in Europe had been called in to attend the malady suffered by the prince and his younger brother, Jaime, from infancy. These eminent medical authorities are reported to have pronounced the hemophilia of the two royal youths an incurable weakness.

Paris was amazed therefore to see in the Prince of the Asturias not a weak, ailing young man, but a robust fellow who daily played tennis, golf, football and rode horseback.

According to reports from Madrid, the Crown Prince cured his disease by the simple expedient of following a strict schedule of athletics. This course was suggested by a Spanish monk, versed, it is said, in medical practice.

Anyone who has seen the prince at close range during his visit will vouch for the remarkable improvement in his appearance. However, "this poor little rich boy" of European royalty has not yet fully achieved perfect health.

The only remaining trouble now is in his legs. Although he can stand erect with perfect military bearing, the Prince experiences difficulty in walking with complete ease. This shortcoming is a hangover from his youth, which, because of his precarious state of health, he passed sitting.

On leaving Paris the Prince went to Bern, Switzerland, for the final stages of his treatment. This will consist of walking and calisthenic exercises which are expected to strengthen his legs to normal.

The Prince's visit to Paris, his first journey outside Spain, had a two-fold purpose. The first, of course, was to show the diplomatic world that the future ruler is strong and healthy enough to accept the empire when the time for his coronation arrives.

The second object was to soften the animosity against the Spanish royal family felt by many political exiles in this city. A significant indication of how successful was the visit, just ended, can be gathered by the fact that Santiago, Alca, Spanish Liberal leader, for the first time dropped in at his nation's embassy to sign the Prince's visitors' register.

The hemophilia suffered by the Prince of the Asturias is hereditary in nature. His entire boyhood was supervised with the care usually allotted to an invalid.

When he underwent a usually trivial operation, such as having a

tooth pulled, all Spain prayed for his life. An accidental tap on the nose or an insignificant abrasion was always regarded as a disaster that might cost the country its future king.

Now that young Alfonso has recovered, precautions to preserve his health will be continued, but the apprehensions about his future rulership are today centered around the forces of thrust in Spain rather than about the precarious health of her crown prince.

# HARD-SOFT LARGE-SMALL CORNS

Out To Stay Out — Roots and All  
Magic Oxygen Salts Bath Never Fails  
No More Burning Aching Feet

No matter how many corns you have or how painful they are—soak your feet for 15 minutes in a delightfully soothing and revitalizing Radox footbath for 3 or 4 nights—then lift corns and calluses right out—roots and all and they won't come back either unless you wear shoes again which aggravate your feet.

No cutting or digging is required because Radox liberates oxygen which softens hard outer layers of corns, each night penetrating the pores further and further, carrying the salts right to roots of corns which are so loosened they can be lifted out bodily.

Your feet are made strong—healthy—vigorous—hard skin on heels and toes goes also.

J. H. Lense Drug Co., Three Stores and all good drug stores are stocked with Radox—if they aren't insist upon them ordering it if you want to experience great foot-joy and comfort.

### Dry Season Damages Crops In Mahoning

YOUNGSTOWN, July 25.—In spite of the rains of last week which were withering in the parched earth, serious damage from drought which would amount to thousands of dollars still threatens Mahoning county crops.

J. C. Hedge, county agricultural agent and W. L. Sherman, superintendent of the experimental farm, say that at the time of the rains the earth was so dry that while the rains were welcome there was not enough to banish the danger entirely.

### Dancing Fails To Convince Officers

PITCHBURG, MASS.—July 25.—Drunkness affects the head and not always the feet.

Such was the opinion of Police Lieut. Albert R. Fellows in booking John Kangas, 28, on charges of drunkenness and of driving while under the influence of liquor.

At the station house as Kangas was being booked on the charges instead of the usual arguments in an effort to prove he wasn't intoxicated he went into a dance. From the slide, Kangas' musical feet went into the popular glide and various other dances, but these failed to aid him in his release.

Homerun By Jimmy Foxx In Ninth Defeats Cleveland Indians

Willis Hudlin Victim Of Circuit Hit; Macks Increase Lead Margin

Jimmy Foxx's homerun in the ninth inning with one on base gave the Philadelphia Athletics an 8-6 victory over the Cleveland Indians and first blood in the series which ends next Monday.

The circuit blow had other results also, for it placed the Macks five full games ahead of the tottering Washington Senators who were victimized by the Chicago White Sox, 10-4.

All Simmons also connected for a round trip blow as did Eddie Morgan, the latter's homer being his 24th of the season. Willis Hudlin was on the mound when Foxx connected for the deciding hit in the last frame. Clint Brown having started on the rubber, Eddie Rommel, who succeeded Mahaffey on the mound for the A's, was the winning pitcher.

**Lyons Wins 15th**

In defeating Washington, Ted Lyons won his 15th game of the season. Carl Reynolds hit two three base hits.

About the time that Babe Ruth astounded the world of baseball by hitting 29 home runs in one season, a feat described in the next official baseball guide as "a regular mastodon of a record," it was something almost as amazing when a pitcher knocked the ball for the circuit. In the current era of long distance hitting, with the Babe traveling along far ahead of the pace that brought him the current record of 60 homers, it is so common for pitchers to hit home runs that even the moundsmen who do it hardly get a thrill.

So far this season, 15 pitchers have hit 29 of the National league's 513 homers while eight American league moundsmen have driven out nine homers of the circuit's 429.

Ervin Brame of Pittsburgh has hit three four baggers to lead this array while a few days ago Phil Collins of the Phillies connected for two in one game.

**Dodgers-Reds Divide**

Ray Kolp of Cincinnati was the only hurler to turn the trick yesterday. His homer in the second inning of the first game between the Reds and Brooklyn Robins gave Cincinnati a 3-0 lead and with one later run was enough to win the contest, 4 to 3. Brooklyn came back and took the second game, 9 to 0. Rain stopped the second in the sixth inning.

This game produced one of the season's best exhibitions of stalling as the Reds tried to make the approaching storm wipe out Brooklyn's 2-0 lead and the Robins tried to prevent this. The needed 4 1/2 innings were completed just in time and as darkness began to fall, on the field the Robins fell on Benny

**54 Enter Public Links Tourney**

CANTON, July 25.—Fifty-four golfers, representing every major city in the state with the exception of Cincinnati will participate in the first annual public links tourney of Ohio as sanctioned by the O. S. G. A. The event starts Saturday morning and continues through Sunday at the 36-hole Tam O'Shanter course.

At least five city champions will be in the field. Eighteen threesomes have been assigned for play. Thirty-six holes will be staged tomorrow and the same number Sunday. Cups will be awarded winner and runner-up, and the German cup of Toledo, awarded by the state association, will be held for a year by the club whose player wins the title.

THE DAY In Sports

LEAGUE NEARS CLOSE TWO IN TITULAR RACE

**THREE MORE WEEKS** and the second half of city Class A softball league competition will have come to a close. The half-way mark was passed with the two games played at Centennial park yesterday and now attention is turned to the two way fight for titular honors between the Kiwanis club and the Mullins Manufacturing corporation.

The Salem Hardware, defeated only once, is still in the race but the class of ball played by the present leaders indicate that they will finish one-two.

The sensational finish of the Mullins team in the first half and their consistent display of outstanding talent in the present race was not entirely unexpected for the body-makers have a fine collection of muddballers that rate among the best. The team played putrid ball to start the first half but braced and is now outclassing the entire field of seven opponents.

The Kiwanis club has come through with four straight wins, everyone of them well earned. Ar-

nold Lutes has been on the mound in each of the victories and earns the rating as one of the best hurlers in the circuit.

**KIWANIANS TOPPED** the league in team batting the first half, when they finished down the list in the standings and now when they are tied for the lead, the clubmen rate exactly sixth in batting. The Salem Hardware, champions the first half, when they finished fifth in team batting, are now on top.

Apparently it is a bad sign for a team when it leads the circuit in batting for at no time since the organization of city muddball activities has a championship batting team also won titular honors in the game-winning department.

It's a close race for team batting honors this half with the Hardware just two percentage points ahead of Mullins which has an average of .317. The United Cigars are third with .316 while the Electric Furnace is fourth with .315. The Macabees came next with .309 and Kiwanians took their first drop under the 300 mark with a .290. The Penn-Ohio is far down the line with only .239 but still is safely out of the cellar for the National Sanitary hits only .152.

**JOE KELLEY**, champion batsman in the initial half, is getting a real battle for honors. Mike Schuller, Kiwanis' infielder, is the

present leader with .571. Kelley rating third with .539. Ahead of Kelley is B. Moffett of the Macabees who has a .555. Lee Christen, Penn-Ohio hurler, and Arnold Seeds, Hardware shortstop, are hitting .600 but each have only ten times at bat.

**JIMMY PRIMM**, who topped the run-scorers, tallied his first marker this week and incidentally restored his first hit of the half and George Early is due to be replaced as leading pitcher of the league, having already been defeated once. The Macabees appear destined to retain their title as the team registering the most bases, leading the nearest contender by 10 safeties while the Penn-Ohio and Hardware have the most runs so far, each tallying 27, one more than the Cigars. The Hardware led in this department the first half.

Jenkins and Schuller, both Kiwanians, and Lee Christen lead in scoring with six runs each while Christen tops the hitters in total safeties with seven.

Fight Results

**CINCINNATI, O.**—Cecil Payne, Louisville, Ky., outpointed Bat Battalino, world featherweight champion, (10 non-title).

**WATERBURY, CONN.**—Al Gamo, New Haven, Conn., outpointed Chuck Burns, an Antonio, Texas, (10).

ILLNESS FORCES STAR TO QUIT

**NEW YORK, July 25.**—Ill health has forced Helen Jacobs, America's second ranking player, to quit tournament tennis for the rest of the season.

Weakened by a severe attack of pleurisy and quinsy, she has withdrawn from the Seabright Lawn Tennis and Cricket club tournament and from the national championship and will return to her home in Berkeley, Calif., on Sunday.

Her withdrawal from the national championship clears the way for an even easier victory for Helen Wills Moody Miss Jacobs long has been Moody's leading American rival and on several occasions has given the champion a close fight at Forest Hills and Wimbledon.

Homers Win Kiwanis Game For Leetonia

Six homeruns featured the inter-city Kiwanis muddball game between Leetonia and Salem clubs at Centennial park Thursday evening. Leetonia Kiwanians finishing on top by a 10-5 score.

Four homeruns were hit by visiting clubmen and two by Salem players. Homers accounted for all but two of the Leetonia runs.

Score by innings—  
Leetonia 1 0 2 1 3 0 0 2—10 8 2

## FARM NOTES

Items of Interest  
Taken from Ohio  
Rural Districts

(By The Associated Press)

Stocks of feeding stuffs on farms this fall are expected to include from 150,000,000 to 175,000,000 bushels more corn, 15 per cent less hay, a little more rye, and about the same amount of oats, according to crop estimates made available today to the rural economics department of Ohio State university.

These estimates for the United States are based on the expected size of the crop in prospect and the amount of feeding stuffs now on farms, says the department. To consume these feeds this year are 4,500,000 less hogs, 1,500,000 more cattle, 1,500,000 more sheep and five per cent more chickens.

The condition of the corn crop in Ohio is not as good as last year, according to crop reports, but in the corn belt states just west of Ohio the crop is improved over its condition at this time last year, said the department today. Other corn states which expect lower production this year are Minnesota, Kentucky and Texas.

The oats crop is about 90,000,000 bushels greater than last year, to judge by its condition as reported on July first. But, farm economists said today, there were almost 100,000,000 bushels less oats on farms March first than a year ago, and the crop, though larger than last year's is smaller than the five-year average. In Ohio the crop is 5,000,000 bushels larger than last year, 20,000,000 bushels less than the five-year average.

Hay in Ohio has suffered more than in other sections, the report indicated. The estimated crop is 2,225,000 tons compared to the 5,000,000 ton crop of last year and the 4,500,000 tons for the five year average. For the United States, the crop estimate is 85,000,000 tons.

More than twice as much wheat to the acre was harvested from the fertilized part of a field at the Mercer county home as from the unfertilized part, according to a report to E. P. Reed, soil and crops specialist at Ohio State university. A. H. Beckstedt is superintendent of the farm.

A 16-acre field was planted in wheat last fall. 10 acres were fertilized and six acres were unfertilized. The fertilized wheat produced 37.66 bushels to the acre and the unfertilized 17.27 bushels. A. H. Anderson, county agricultural agent for Mercer county, was in charge of weighing the wheat.

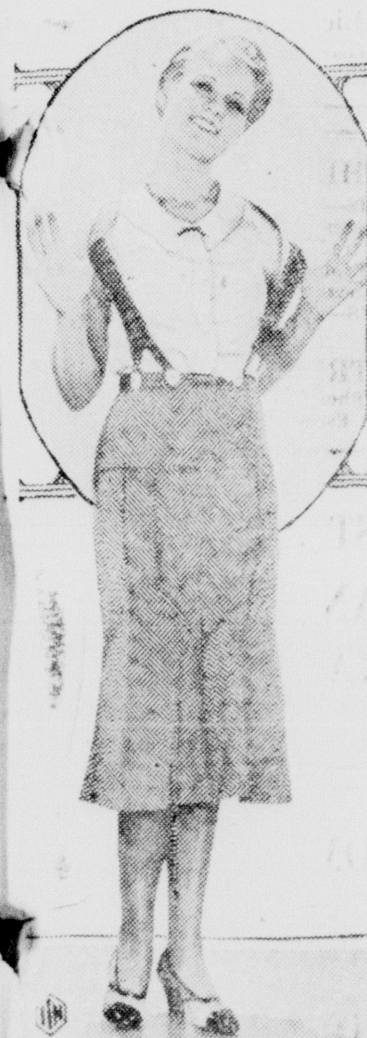

The fertilizer treatment used was a fall application of 200 pounds of an 0-14-16 grade plus 135 pounds of nitrate of soda applied April 16 to an acre. The soil, Reed says, is a black Brockton silty clay. In 1929 the field had been planted to barley and in 1928 to corn.

Midsummer sprays of oil and nicotine sulfate on apple trees for the control of codling moth worms are not nearly as effective as the regular lime-sulfur arsenate of lead sprays, warn entomologists at Ohio State university.

The oil sprays, they say, were developed for the apple growing sections of the Pacific Northwest, where codling moth and spray residue problems are more serious than in Ohio.

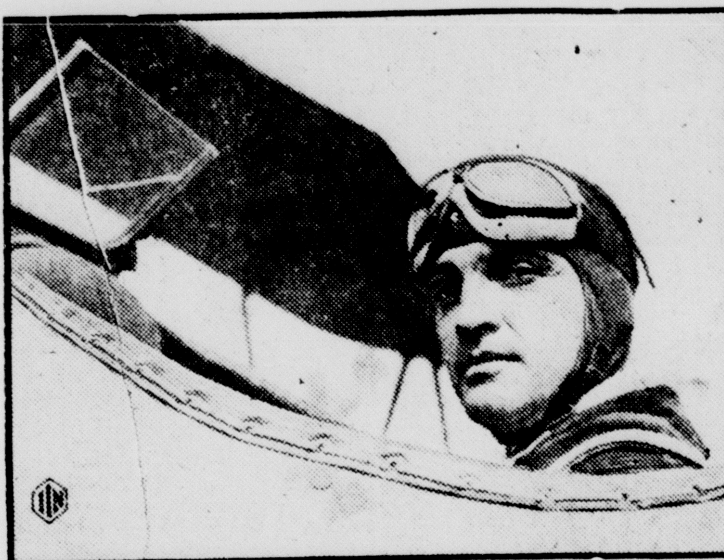

Should codling moth and spray residue problems in Ohio become more acute, and there were no apples and apple diseases to be combated at the time of the midsummer sprays, Ohio growers might be interested in substitute materials and willing to bear the increased expense, in the opinion of the entomologists.

## A SIMPLE STEP TOWARDS HEALTH

Kellogg's ALL-BRAN is a Daily Essential and Millions Know Its Effectiveness in Relief of Constipation

Perhaps the one simple thing you are not doing to guarantee permanent health is having sufficient roughage in your food. Absence of this roughage is the direct cause of constipation which results in so many other ills—headaches, listlessness, general depression, indigestion and, sometimes, serious disease.

Kellogg's ALL-BRAN is roughage. It is positively guaranteed to relieve both temporary and recurring constipation or the purchase price will be refunded. Two tablespoons daily (in serious cases, with each meal) is the proper amount.

Kellogg's ALL-BRAN also helps you to health in other ways. It is rich in iron, practically all of which goes into the blood, bringing

red, healthy color to the complexion. It helps prevent anemia. Be sure to include it in reducing diets.

Many eat Kellogg's ALL-BRAN with cream or milk added. It is a delicious addition to cereals, fruits and soups. In cooked foods, such as bran muffins, it is just as effective in the relief of constipation. Recommended by doctors. Ask your grocer for Kellogg's ALL-BRAN in the red-and-green package. Served everywhere. Made by Kellogg in Battle Creek.

Fifty were present from Utah, New Castle, Salem, Leetonia and Washingtonville.

A family dinner was enjoyed after which games occupied the afternoon hours. Officers elected for the coming year are:

**Elect Officers**  
President, James R. King, of Salem, and secretary-treasurer, John R. King of Washingtonville.

A son was born Tuesday to Mr. and Mrs. William Applegate.

Mrs. Anna Culler is ill at her home.

Billy and Donald, sons of Mr. and Mrs. Roy Mathey, are ill of tonsillitis.

Relatives and friends from this place attended the funeral of Ed Lewis, who died at the home of his daughter, Mrs. Maud Meeks, in

East Palestine, Saturday afternoon. Burial was in Oakdale cemetery at Leetonia.

### 34 ATTEND MEETING

Thirty five members were present at the regular meeting of Pride of the Valley Temple, No. 406, Pythian Sisters, Tuesday evening. Three visitors from Lisbon, were present.

Mr. and Mrs. Robert Sanders and Mr. and Mrs. Morris Wisler spent Sunday at Brady's lake. Mrs. Sanders remained for a week's visit.

Mr. and Mrs. Charles Orr of Columbiana were callers Wednesday evening in the home of Mr. and Mrs. Ralph Warner.

Mr. and Mrs. Lloyd Johnson, returned from Detroit on Saturday. He is now employed at the Mullins plant in Salem.

Mr. and Mrs. J. E. Langfried, of Greenford, were callers Monday evening in the home of Mr. and Mrs. Jonathan Longbottom.

**Pennzoil Ethyl Gasoline**

**is gum-free!**

● Gum-free? What does that mean? Simply this: In cracking some crude oils to make low knock rating gasoline, gums, or substances that make gum, are formed in the gasoline. Adding Ethyl fluid to a clean regularly distilled Pennsylvania gasoline prevents this and still provides zero knock rating. That's why the use of Pennzoil Ethyl in your motor prevents gummy deposits and the resulting sticking of valves and clogging of carburetor screens.

● Per dollar spent, Pennzoil Ethyl is the most economical gasoline you can buy. More power, increased mileage, fewer carbon removals and valve-grindings, more miles "in high" to say nothing of the mental relief that comes from a sweet running motor.

● No wonder Pennzoil Ethyl has so many "dyed-in-the-wool" users. Economy of operation is the answer. Try it and see if you don't get the same answer.

# HOME-MAKING HELPS

By Wanda Barton

**Is He Welcomed Home With Chores?**  
The bride of a month complained bitterly. "He doesn't take any interest in the house—won't put up a shelf or hammer in a nail, or do any of the odd jobs that my dad used to do quite naturally."  
Some of the modern young husbands don't take naturally to house work. In fact, they rebel openly when they are welcomed home at night with a list of odd jobs to be done around the house. And the sweet little wife can't understand why he doesn't share her enthusiasm about the unescapable tasks of the home.  
Husbands can be divided into two groups. There's the type that like putting things in the home. They may be skillful, but it doesn't follow that they are because they do the work willingly. Indeed, the taste for home chores may be an amaz-

ing self-discovery after matrimony. A man who lived in his mother's house as though it were a hotel—never offering or being asked to do a hand's turn, may find, when he has his own home, that he's domestic in a highly practical way—likes putting up shelves, washing dishes on Thursday nights, and juggling an omelet pan once in a while. He may be less than expert, yet finds a curious pleasure in these exertions.  
On the other hand, there are men of charm and fine husbandly qualities, who just can't and will not be helpful around the place. They have a dislike or an awkwardness or a theory. Anyway, they won't do a thing, and it's a waste of time trying to initiate a reformation.  
(The sad part is that the gentleman with a streak of household efficiency in his makeup very likely is married to a lady who has not Victorian ideas about the division of home labor—how unmanly it is for a husband to do a kitchen apron, or even get a peep behind the machinery of the home), and vice versa.

## Today's Pattern

A dainty summer frock becomes extremely smart when its cape collar and skirt are cut in deep scallops. The becoming neck line is rounded to correspond. Four inverted pleats declare the model "the last word" as pleated skirts have returned to vie with flares for first place. Sleeves are optional.  
Pattern 1981 is charming fashioned of silk or cotton fabric—voile, dimity, georgette, chiffon, lawn, flat crepe, etc. A print or a solid color may be chosen with equal smartness. Both light and dark gowns are popular this summer, with vivid or pastel designs.  
May be obtained only in sizes 14, 16, 18, 20, 22, 24, 26, 28, 30, 32, 34, 36, 38, 40 and 42. Size 16 requires 3 1/2 yards of 39 inch material.

## Change Your Shoes Every Day

It is our honest judgment that a man should change his shoes every day—at least, every other day.

A foot can't be healthy in the same pair of shoes, worn day after day. Perspiration fills the lining, and the impurities are absorbed by the foot. That's why you have "tired" feet.

We know men here in Salem who have found the secret to foot comfort in this frequent change system.

Bring this thought with you to our store and we'll show you how easy it is to own two pairs of shoes instead of just one pair.

# MOVIES

"Chasing Rainbows," a new all-talking musical romance with talent obtained from several outstanding 1929-30 screen productions for its organization by Metro-Goldwyn-Mayer, opens for a two-day showing at the State theater tonight. Charles King, Hollywood's great singing actor and Bessie Love, diminutive star who made her comeback against all predictions of critics in "Broadway Melody", are starred.

Owen Lee, Mary Dressler, Jack Benny, George K. Arthur and a conglomeration of other widely known actors and actresses, many of whom aided and abetted King and Miss Love in the successful "Broadway Melody" and others who were in "Hollywood Revue", which wasn't so good, appear in the production.

**Filmed in Technicolor**  
It is filmed entirely in technicolor and presents a backstage story with fairly real human interest.

The Grand has a double feature of fine drawing power, "Song of Caballero" being the attraction for youngsters and addicts to old western thrillers while movie fans of all ages will enjoy "The Racketeer" which stars Robert Armstrong in another gangster role.

Romance, drama, thrills—a girl of high society caught in the coils of the underworld—that, briefly, is "The Racketeer."

Written by Paul Gangelin, and directed by Howard Higgin, this feature is said by preview critics to be the most accurate screen painting to date of that mysterious figure of the underworld who rules vice by a wave of his hand and spends millions with the lavishness of a Midas.

**Underworld Drama**  
While "The Racketeer" deals with this imposing character of the under side of society, it is not wholly an underworld picture. Most of its action takes place amid the luxury of Park Avenue and rich Long Island estates. The backgrounds are most lavish and many of the characters are of the upper strata of society. Yet throughout the action, the sinister influence of the underworld is felt.

The story of "The Racketeer" deals with a society girl, Rhoda Philbrook, who, through an indirect romance with a musician, falls outside of the pale. She encounters Mahlon Keene, a czar of the underworld, who helps her and her sweetheart and then falls madly in love with the girl himself. The machinations of fate that bring the affairs of this triangle to a tremendous climax are colorful, dramatic and thrilling.

## Reported Confessed Killer of Aunt

Bernard Thompson, according to police of New Haven, Conn., has admitted killing his aunt, Mrs. Edith Thompson, of Saugus, near Boston, Mass. The woman's body was found in a pool of blood in her home and for two days much mystery surrounded the cause of her being murdered. Mrs. Thompson was a detective.

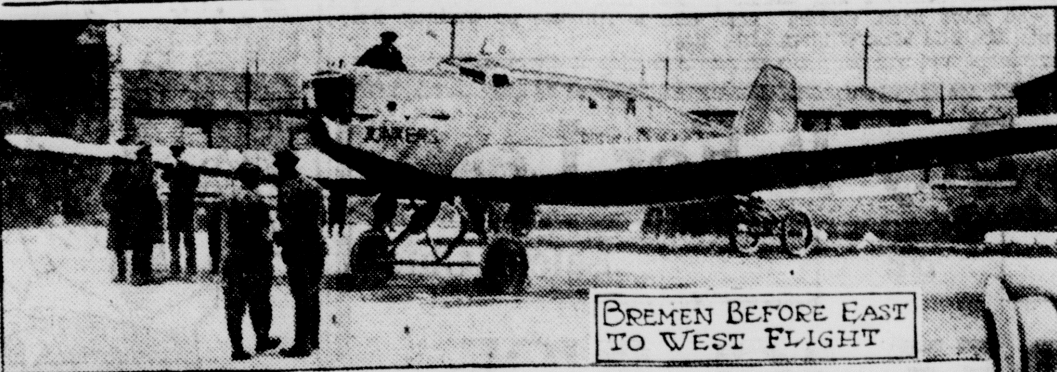

Reading that a woman had left a home for dogs and cats recalled to mind that some husbands have left homes because of cats and dogs.

# Adventurous German Ace Plans East to West Trans-Atlantic Flight

Succumbing to the Lure of a Europe to America Flight, Captain Koehl, of Bremen Fame, Will Repeat Former Attempt Which Ended in Greenely Island

BREMEN BEFORE EAST TO WEST FLIGHT

NEW YORK WELCOMES KOEHL, CAPTAIN and MRS HERMAN KOEHL

NEW YORK, July 25.—With the trans-oceanic flight season so auspiciously launched with the brilliant flight of Major Kingsford-Smith and his gallant companions, comes news of another North Atlantic east to west flight. The man who hopes to be the hero of the latest contemplated project to span the Atlantic is one who is well acquainted with the hazards and difficulties attendant on such a flight. He is Captain Herman Koehl, one of the three mavericks of the air who piloted the Bremen on the first successful attempt to cross the Atlantic from Europe to America. And ever since Koehl and his companions, the late Baron von Huenefeld, and Colonel, then Captain James Fitzmaurice, were forced down at Greenely Island, the gallant captain has dwelt on the idea of piloting a plane right to its objective, New York City. And although the three aviators were received with all the eclat and enthusiasm as beneficiaries true conquerors of the air, the captain has made up his mind to this time, more than deserve all the nice things always said to trans-Atlantic airmen when they face the speeches on the steps of the City Hall in New York.

**Relic of Heroic Attempt.**  
The big Junker's monoplane, the Bremen, completely reassembled, now rests on the east balcony of the Grand Central Station in New York, as a symbol of the new transportation and so trim and perfect does it appear that it is hard to believe that it is the same machine that two years ago was badly

smashed upon the ice fields off Newfoundland. It was after the epic series of attempts made to rescue the aviators who wished to bring the monoplane to New York, that it was destroyed while attempting to take off from the beach on the mainland of Labrador, opposite Greenely Island. The two United States Army amphibian planes forming the rescue party for the stranded aviators had landed Fred Melchior by parachute, and it was Melchior, a crack Junker pilot, who was at the controls of the Bremen when it crashed, after the relief crew had made feverish attempts to make repairs on the machine so that the aviators could bring it to New York.

The Bremen which had left Baldonnel Aerodrome in Ireland on April 12, 1928, was considerably overdue when the flash came that the aviators were safe at Greenely Island. It was Stuart Davis an

eighteen-year-old amateur of Manchester, N. H., who caught the message from the stranded aviators, without, however, realizing its import. And until the fliers landed in Boston, the whole world followed the hazards of the rescue of the men.

## Hopeful of Success.

The present flight, Captain Koehl declares, will be a successful one, and he is working on the project not merely for the feat of crossing the Atlantic again, but with a view to an efficiently organized trans-Atlantic airplane service. He has developed an entirely new type of plane with many features not yet

known in flying, and the extensive tests already made, have convinced the German aviator that it will perform all that is required of it. In the machine are embodied all the experiences made by the Bremen on the first flight to North America, and he is convinced that planes of this type will be capable of making regular trans-Atlantic flights.

**Seeks Financial Backing**  
At present, Captain Koehl is in

Berlin where he is seeking an aviation angel who will provide the financial backing necessary for the always expensive venture of a trans-oceanic flight. He is confident that the necessary cash will be forthcoming and is already considering offers submitted to him since he has

made his plans public. As soon as financial arrangements are completed, he will hop off on his second Europe-to-America flight. He will not choose his crew until he has made all other arrangements, as it will merely be a matter of picking the best out of a group of crack avi-

ators and radio experts. For, despite the hazards and the long list of missing, there are very few air-men who would willingly forego the golden opportunity of a chance to win the welcome that America always gives to heroes, whatever their nationality.

## WHO'S WHO IN SALEM

Right now it's no other than John Litty and Don Bureaw, two Salem young men every one should know. As you know or should know John is out for county treasurer and "Don" is out for county recorder.

Both of these boys have been raised in Salem. They both have unquestionable reputations. We know the people of Columbiana county will not make a mistake to elect them to the office they seek. At any rate it's the duty of every Salem citizen to vote for these two worthy Salem boys at the primaries this August.
